Birria is a wonderful traditional Mexican dish ("a cross between a taco and a quesadilla.") That will blow your mind. It's an explosion of earthy, smoky, juicy, cheesy, crispy addictiveness in each and every saucy bite. The Birria Corn Tortilla Tacos are made with Birria de Res, beef braised in a bold, aromatic chili sauce until fall apart tender, stuffed into broth-battered corn tortillas along with ooey gooey Chihuahua cheese, pan-fried until crispy then dunked in the deeply crimson Birria consomé (broth) for a saucy, rich finish. Served with Onion & Cilantro.
